Wolves and friends

22 0 2

Chapter 1 by CALI DEAN

There once were two little boys. Their names were Axel and Ash. They were twins and they not were just LITTLE "BOYS". They were part wolf! Ash was a more mellow creature and Axel was just the opposite. Axel had trust issues and Ash trusts people too much. They were both abused at a young age by their father and Axel never really loved again. He uses his past as an excuse to destroy anyone in his vicinity. Ash chooses to love people and said he would never hurt anyone ever and if he did it would not be on his own accord. They were both very loyal wolves and would never turn away from their own pack. But when life is in distress and nekos, vampires and other mythical creatures are disappearing including Amber and Jade two nekos they were very fond of what will those two do.
